

**MidSem Project:****Weightage : 25% of total grades**

Prototype of the applications(related COVID-19 Pandemic) which you want to build.

Identify users of the application. Imagine that you are one of the users of the application. Define requirements of the application. List down how the users will be benefited from this application.

Brainstorm the prototype ideas you have within the team.

Choose two ideas amongst them and create prototypes for both of them.

Submit a video explaining both the prototypes.

**Team Formation:**

- Form teams of 4 members each .
- Choose a team name.

**Submission:**

- User Requirement & Benefits- (Not exceeding 10 pages / 10 slides)
- Video of both the prototypes (Video not exceeding 10 mins)

All of the above to be submitted in LumiNUS, one submission per team.

**Grading**

1. User Requirement & Benefits- 10%
2. Video -10%
3. Peer Review - 5%

**Deadline :**

Submission to be done by **11:59 pm on 28th September 2020**. Late submissions will not be accepted for grading.
